MR. WORLEY CAN BE BEATEN!

During my present campaign for General Assembly the remark has been made to me repeatedly that the incumbent cannot be beaten. I do not agree. No man is invincible.

Given the proper opponent at the proper time he too will be defeated. This is true, despite his extensive and perpetual campaigning.

Certainly no one knows if this is that particular time or if I am the candidate who can bring about his defeat.

However, of this I can assure the Adams County voters: I shall continue to conduct as vigorous and as extensive a campaign as my opponent has ever faced to present the voters an alternative to the incumbent
